MANDATORY IRP RECORDS

Per Article XVI, Section 1600, of the International Registration Plan (IRP) Agreement, each member jurisdiction is required to audit the registrants of their state as the authenticity of mileage figures given on the IRP application by the applicant/registrant. The base jurisdiction is required to audit at least 15% of its carriers every five (5) years.

Any registrant whose application for IRP Apportioned Registration has been accepted shall preserve the records on which the application is based for a period of three (3) years after the close of the registration year. Such records shall be made available to the state upon request, for audit as to the accuracy of computation, payments, and assessments for deficiencies or allowances for credit, during the normal business hour of the day.

The type of records that are required or acceptable under the IRP are spelled out in the Kentucky IRP Instruction Manual.

I understand that mileage records must be maintained and made available upon request for audit and acknowledge by signature on this document.
